	Council Approved
	Community Services (CS) 7200
	Approved May 4, 2021
	Next Review Date May 31, 2024

1.0 POLICY STATEMENT

1.1 The Town of Hinton provides a variety of recreation, leisure and sporting opportunities for residents and visitors. While the delivery of recreation services addresses a basic human need and reflects the values of our community and the desire to present Hinton as a vibrant centre, a user fee policy provides a balanced approach for establishing fees in consideration of achieving overall goals.

2.0 REASON FOR POLICY/GOALS

2.1 Reducing the reliance on property taxes by recovering an appropriate portion of the costs for various services from the user(s) that primarily benefit from them.

2.2 Providing a fair and equitable process that encourages accessibility and participation.

2.3 Ensuring that fees contribute to the public's effective and efficient use of Town owned and operated assets including recreation facilities, parks, and open spaces.

2.4 Identifying the relative pricing provided to various user segments.

2.5 Establishing meaningful and realistic goals that provide enough flexibility to meet evolving social values and changing fiscal pressures.

2.6 Establishing execution parameters for Recreation and Parks fees related to expectations and exceptions based on guidance in the policy.

4.0 METHODS AND PROCEDURES

4.1 **User Fee Considerations:** the following general pricing approaches are considered when user fees are developed:

- 4.1.1 Strategic Directions: fees are developed under the general guidance from any corporate policies and directives, approved strategic/long-range plans, or approved budget documents.
- 4.1.2 Cost Based: fees are developed in recognition of the changing costs required to offer those services and cost recovery targets that have been established through business planning processes. Cost recovery targets recognize the evolving relationship between the public good and the benefit provided to the individual user(s) and require a multi-year perspective.
- 4.1.3 Market Based: fees are developed in consideration of evolving industry trends, and the fees charged for other similar opportunities provided by alternate service providers.
- 4.1.4 Social Responsibility Based: fees are developed in recognition of the social benefits and outcomes desired (for example, implementation of a reduced fee program that encourages access by disadvantaged user groups).
- 4.1.5 Revenue Based: individual fees are strategically developed to maximize revenue growth in consideration of price sensitivity, price elasticity, volume and demand curves, and any other pricing considerations.
- 4.1.6 Supportable: fees are developed in consideration of user feedback and pricing research completed (for example, regional surveys, user surveys, etc.).

- 4.1.7 Marketable: fees are developed to respond to quickly evolving market conditions, with the intent of increasing attendance volumes (and thereby revenue growth) and/or encouraging more sustainable revenue streams through promotional programs. Fees and pricing relationships are to be easy to understand and implement (for example, price rounding).
- 4.1.8 Sustainable: fees are developed to ensure the future sustainability of services through the potential reinvestment of proceeds where appropriate.
- 4.1.9 Harmonized: wherever appropriate, fees for like services, programs or amenities at different facilities shall be similarly priced to ensure consistency, fairness, and equitability.
- 4.2 **Rate Structure**: the following rate structure establishes the general ratios among the various categories and other applicable rate variations.
- 4.2.1 Adult/General Rate (base rate): the adult rate shall be initially calculated considering direct costs of the provision of the service within the context of the aforementioned user fee considerations. Where applicable, the adult rate shall be the base rate for all other rate calculations.
- 4.2.2 Attendant Caregiver Rate: when a person with a disability is accompanied by his/her caregiver, the admission charge for that caregiver shall be zero.
- 4.2.3 Child Rate: the child rate shall be set at (approximately) 60% of the adult rate.
- 4.2.4 Family Rate: the family rate shall be set at the (approximate) equivalent cost of the sum of 1 adult rate and 2 child rates.
- 4.2.5 Preschool Rate: the preschool rate shall be set at (approximately) 25% of the adult rate.
- 4.2.6 Minor Group Rate: the minor group rate shall be set at (approximately) 50% of the adult group rate.
- 4.2.7 Youth Rate: the youth rate shall be set at (approximately) 75% of the adult rate.
- 4.2.8 Senior Rate: the senior rate shall be set at (approximately) 75% of the adult rate.
- 4.2.9 Punch Card Fees (10 visits): the punch card fee for each category shall be set at (approximately) 90% of the combined total of 10 single admission rates for each corresponding category.
- 4.2.10 Season Pass Rates: the minimum number of visits shall be multiplied by the single daily admission rate assigned in the current User Fee Schedule to determine the Season Pass Rate for each category. Use will be free to the user after the minimum number of visits has been achieved.
- a) 1 Month: 10 uses
 - b) 3 Month: 15 uses
 - c) 6 Month: 28 Uses
 - d) 12 Month: 45 Uses
- 4.2.11 Multiple Day Special Event Rate: the rental rate for consecutive and multiple day Special Events, shall be eligible for a 20% discount when the following conditions exist:

4.2.13 Charity Event Rate: the rental rate shall be set at 50% of the applicable regular rate.

4.3 **Accessibility**: the Service Branch shall continue to monitor affordability and other potential barriers to participation, and where required, will make recommendations to Council when additional resources are required to advance specific initiatives to reduce barriers based on the needs of the community and information available at the time. For example, programs such as the development of a program providing individuals below a pre-established economic threshold with greater subsidized access to recreation services.

4.4 **Fee Change Timelines**: user fee schedules shall be created and approved by Council in three-year increments with new rates being effective September 1 of one year to August 31 of the next year. Changes of 2% or more to the Council approved three-year fee schedule shall be proposed during the budget process of the preceding year and approved by Council.

4.5 **Request for Waiving of Fees**: Administration shall not waive fees but can work cooperatively with organizations on joint programs where there is clear proof of benefit. All requests for joint initiatives shall be presented to the Parks, Recreation & Culture Manager for approval. Exceptional requests may be forwarded to Council for decision (or a designated board/committee for their recommendation to Council).
